## OBJECTIVE

Aspiring web developer with a passion for building engaging and user-friendly websites. Dedicated to learning and applying new technologies to create innovative solutions. Excited to contribute to dynamic projects and grow in a collaborative environment.

## EDUCATION

**Karakorum International University, Gilgit**

**Sep 2019 – Sep 2023**

Bachelor of Science in Information Technology

CGPA/4	3.45
--------	------

## WORK EXPERIENCE

**Frontend Developer | 3Beez Technologies    Nov 2023 – March 2024**

At 3Beez Technologies, my role as a Frontend Developer focused on crafting and maintaining dynamic web interfaces using cutting-edge technologies such as React.js, Next JS Tailwind CSS, Bootstrap, HTML and CSS. Collaborating closely with cross-functional teams, I translated design concepts into code to meet client needs and industry standards, driving innovation in the digital realm.

**Laravel Developer | Web Collection**

**Dec 2022 – May 2023**

As a PHP/Laravel Developer at Web Collection, I specialized in creating and maintaining web applications using PHP and the Laravel framework. My role centered on developing robust, scalable web solutions and collaborating with teams to meet client needs and industry standards.

**Full Stack Developer / Trainer | 3Beez Technologies**

**Feb 2022 – 2023**

As a Full Stack Developer/Trainer at 3Beez Technologies, I excelled in both web development and training roles. I contributed to web application development using a wide range of technologies and shared my expertise to empower team members.
